

Boiler MACT Reconsideration

The EPA is delaying the effective dates for the final rules titled "National Emission Standards for Hazardous Air Pollutants for Major Sources: Industrial, Commercial, and Institutional Boilers and Process Heaters" and "Standards of Performance for New Sources and Emission Guidelines for Existing Sources: Commercial and Industrial

Solid Waste Incineration Units" under the authority of the Administrative Procedure Act (APA) until the proceedings for judicial review of these rules are completed or the EPA completes its reconsideration of the rules, whichever is earlier.

The effective dates of the final rules published in the Federal Register on March 21, 2011 (76 FR 15608 and 76 FR 15704), are delayed until such time as judicial review is no longer pending or until the EPA completes its reconsideration of the rules, whichever is earlier.

The Director of the Federal Register has reviewed certain publications listed in these final rules for incorporation by reference approval. That approval is delayed until such time as the proceedings for judicial review of these rules are completed or the EPA completes

its reconsideration of the rules, whichever is earlier. The EPA will publish in the Federal Register announcing the effective dates and the incorporation by reference approvals once delay is no longer necessary.
